

Frequently Asked Questions

1. Who are the instructors for the classes?

Ms. B (Becky Brower)

Upper Elementary, Middle School

Becky graduated from SUNY Cobleskill with an associates degree in Social Science, and a Bachelor of Science in Communication Technology. For three years, she taught English as a second language in South Korea through the Fulbright Program before coming to ABLE Enrichment. She is very passionate about helping students discover their full potential by writing about themselves, their deepest interests, and personal strengths.

Ms. K (Erika Korzeniewski)

Lower Elementary

Erika (Ms K) has been working with youth in and out of educational settings for over 4 years. She is a doctoral student at the University at Albany studying School Psychology. Her passions and expertise include yoga, literacy, mindfulness, and empowering youth to reach their fullest potential.

2. Do I have to do a one-time payment to receive the 10% discount?

No- Tuition can be broken up into 2 or 3 payments, and does not need to be paid all at once to receive the 10% discount. Please indicate at the time of registration whether or not you will be registering for the full 7 weeks so that we can include the discount in your payment schedule.

3. How are the students split into the three class levels?

Following your registration, we will send you a simple writing assessment for your child to complete at home, this writing assessment will help us determine which level would be the best fit for your child based on his or her present skills and knowledge.

4. How many students can enroll in the program?

In order for us to maintain a safe learning environment for students and instructors, we will be limiting registration to 4 students per class level. While we want to be able to provide this learning opportunity to as many students as possible, we will be strictly limiting the class sizes to insure proper distancing.
